This prayer was composed by Bishop Ken Untener.

As a reflection on the martyrdom of Archbishop Romero:

We are prophets of a future not our own.

ministers, not messiahs.

We are workers, not master builders.

the master builder and the worker.

but that is the difference between

We may never see the end results.

for the Lord's grace to enter and do the rest.

a step along the way, an opportunity

is may be incomplete, but it is a beginning.

This enables us to do something, and to do it very well.

and there is a sense of liberation in realizing that

We cannot do everything.

We provide yeast that produces far beyond our capabilities.

We lay foundations that will need further development.

knowing that they hold future promise.

We water seeds already planted.

We plant the seeds that one day will grow.

It helps, now and then, to step back and take a long view.

A Step Along the Way
